

MS-102 Certification: 4-Week Fast-Track

Target: Microsoft 365 Administrator Associate | **Candidate:** Matthew Linke

STRATEGY OVERVIEW

Matthew's 15 years in **AD, Okta, and MDM fleets (Daimler)** provides a 70% knowledge overlap. This plan focuses on translating that expertise into the Microsoft 365 ecosystem portals and vocabulary.

THE SCOREBOARD

Milestone	Target	Deliverable
Setup Sandbox	Week 1	M365 Dev Tenant Active
Identity Sync	Week 1	Mock AD Users synced to Cloud
Intune Policy	Week 2	"Zero-Touch" profile created
Defender Scan	Week 3	Secure Score > 60% in Sandbox
Final Exam	Week 4	CERTIFIED

Week 1: Identity & Access (Entra ID)

Focus on domain management, Entra Connect, and Conditional Access.

Study Plan: MS Learn Path "Deploy and manage a M365 tenant".

Week 2: Endpoint Management (Intune)

Focus on Autopilot, Configuration Profiles, and Compliance.

Study Plan: MS Learn Path "Manage endpoints in Microsoft 365".

Week 3: Security & Compliance (Defender)

Focus on Defender for Endpoint, DLP, and eDiscovery.

Study Plan: MS Learn Path "Manage security and compliance".

Week 4: Review & Final Exam

Practice exams via MeasureUp or Tutorials Dojo. Goal: 3 exams at >85% accuracy.

INTERVIEW TALKING POINTS

"I'm currently on a 4-week fast-track for the MS-102. I've built a Zero-Trust sandbox environment to map my previous MDM and identity experience directly into the M365 stack. I expect to be certified by next month."
