PROFESSIONAL SUMMARY

Senior Systems Lead and Technical Consultant with a 15-year career built on infrastructure automation and architectural maturity. Expert in stabilizing complex, multi-tenant environments through high-level strategy and ground-level technical mastery.

CORE COMPETENCIES

Technical Leadership

Infrastructure Automation

Multi-Tenant System Design

Okta/AD Identity Governance

Logic-Based Problem Solving

Secure Network Engineering

PROFESSIONAL EXPERIENCE (LAST 10 YEARS)

Daimler Truck LLC / Allied Digital May 2024 - Present

Senior IT Mobility Lead | Portland, OR

- Engineering **automated deployment lifecycles** (ABM/Mosyle) for global fleets, ensuring consistent security posture with zero manual intervention for remote hires.
- Provide **technical anchoring** for mobility infrastructure, resolving persistent cross-platform sync issues through a framework of systematic, logic-first troubleshooting.
- Optimizing device task automation to drive operational efficiency across the enterprise mobile landscape.

JH Kelly, LLC April 2019 - February 2024

Infrastructure Lead / Systems Administrator | Vancouver, WA

- Architected and lead the **full-lifecycle deployment of Meraki SD-WAN**, unifying industrial and office network sites under a high-availability, redundant topology.
- Owned the **identity and security lifecycle** (AD/Okta/PKI), managing complex GPO design and technical auditing to enforce strict security governance.
- Resolved mission-critical infrastructure bottlenecks, serving as the primary escalation point for network, server (VMware/Hyper-V), and 24/7 industrial storage systems.

Clark College April 2017 - April 2019

Technical Mentor & Lab Systems Lead | Vancouver, WA

- Maintained production-grade lab infrastructure, managing complex **Cisco network topologies** and multi-forest AD environments with zero unplanned downtime.
- Mentored junior technicians in **logic-based troubleshooting frameworks**, fostering technical maturity and systematic problem-solving skills within the team.

EDUCATION

A.A.T. Network Technologies / Cisco / Microsoft 2018 - 2023

Clark College - Vancouver, WA

CERTIFICATIONS

CISCO Cybersecurity Essentials / CompTIA A+ 2009 - 2022

MTA Microsoft (Server, Networking, Security, Windows) 2015 - 2016

TECHNICAL MASTERY

Cloud/Virt: Azure, VMware ESXi, Hyper-V, Proxmox **Net/Sec:** SD-WAN (Meraki), Firewalls (Cisco, PfSense), VPN, Zero-Trust, Wireshark
Identity/MDM: AD/Entra ID, Okta, Intune, Ivanti, MobileIron, Mosyle **Tools:** PowerShell, Bash, Python, Ansible, Terraform
