PROFESSIONAL SUMMARY

Customer-focused Desktop Support Analyst with 10+ years of hands-on IT experience across corporate, distribution, and manufacturing/industrial environments. Proven track record managing user lifecycles and access controls across Active Directory, Entra ID (Azure AD), and Okta, standardizing system builds with network imaging tools, and resolving walkup, phone, and helpdesk tickets end-to-end. Adept at hardware diagnostics, peripheral and printer fleet management, warehouse device support (barcode/RF scanners, label printers), and virtualization / network troubleshooting (Proxmox VE, vSphere, Meraki SD-WAN), minimizing operational IT downtime while ensuring strict security and safety compliance.

CORE COMPETENCIES

Desktop Support & Helpdesk

Active Directory & Entra ID

Imaging & Deployment

Virtualization (Proxmox/vSphere)

Warehouse & Peripherals

Windows Client/Server

Ticketing & SLA Adherence

Meraki SD-WAN & Network

WORK EXPERIENCE

Daimler Truck LLC / Allied Digital May 2024 - Present

Mobile Device Support iOS

Portland, OR

- Deliver customer-first Tier 1-2 helpdesk, walkup, and remote support via ServiceNow, resolving mobile device, OS, and application issues under strict SLA targets.
- Order, receive, provision, and track mobile device fleet inventory (iOS, macOS, Windows) for corporate end-users, remote workers, and new hires.
- Configure client endpoints using modern enterprise MDM platforms (Intune, MobileIron, Ivanti), configuration profiles, and automated setup tools.
- Oversee asset lifecycle logistics, executing hardware decommissioning, secure data wiping, and asset de-registration.
- Author and update standard operating procedures (SOPs) and self-service setup guides, reducing initial onboarding ticket volume.

JH Kelly, LLC April 2019 - February 2024

IT Support Specialist II

Vancouver, WA

- Triaged and resolved walk-in, phone, and ticket queues end-to-end, independently managing priority and SLA compliance across multi-site field and branch operations.
- Provisioned and deployed desktops, laptops, and warehouse hardware (barcode scanners, label printers, handheld RF units) via **Ivanti and Acronis imaging**, standardizing builds and cutting rollout times.
- Administered Windows Server environments (Active Directory, DNS, DHCP, GPOs) and Entra ID; automated user provisioning and reporting routines with custom PowerShell scripts.
- Managed enterprise network printer fleet (HP/Lexmark), configuring print servers and driver rollouts; authored branch-wide IT SOPs and runbooks in Confluence.
- Installed and administered Meraki SD-WAN appliances, configured VLANs, racked/patched switches, and assisted with Cisco networking and VoIP administration.
- Conducted industrial site visits adhering to safety/PPE protocols to maintain branch and field office IT hardware and network infrastructure.

Clark College April 2017 - April 2019

Network / Microsoft Technology Lab Volunteer Technician

Vancouver, WA

- Troubleshoot Cisco routing/switching hardware, Microsoft Active Directory forests, and Linux servers in an enterprise lab environment.

- Executed physical rack maintenance, Cisco module replacements (HWICs, SMART-Serial), SAN hot-swapping, and UPS battery maintenance.
- Mentored students in subnetting and network design while gaining hands-on AWS EC2 deployment experience.

MoJoe Enterprises LLC / Rock That Media LLC

January 2006 - December 2017

Desktop Support / IT Administrator

Various

- Deployed and configured Windows desktop environments, executing automated login scripts and client system rollouts.
- Administered local infrastructure, diagnosed OS/hardware bottlenecks, and conducted employee cybersecurity security awareness training.

KEY PROJECTS

Enterprise iOS Fleet Migration MDM

Managed the lifecycle and security of a large-scale iPhone fleet using modern MDM solutions, ensuring 100% compliance with corporate security policies.

SD-WAN Infrastructure Rollout Networking

Deployed and administered Meraki SD-WAN devices across multiple branch offices, improving network reliability and reducing latency by 40%.

EDUCATION

Associates in Applied Technology: CISCO Technologies	2023
Clark College	
Associates in Applied Technology: Network & Microsoft Technologies	2018
Clark College	

CERTIFICATIONS

CISCO Cybersecurity Essentials	2022
MTA Microsoft Windows OS Fundamentals	2015
MTA Database Fundamentals	2016
MTA Microsoft Networking Fundamentals	2015
