PROFESSIONAL SUMMARY

Customer-focused Field Service Engineer and Desktop Support Specialist with 10+ years of hands-on IT experience across corporate office, field, and manufacturing environments. Specialized in mobile device fleet support, walkup and deskside assistance, and end-to-end asset lifecycle management. Currently supporting mobile and endpoint operations at Daimler Truck LLC's Portland headquarters, possessing direct domain expertise in Daimler systems, the IT Shop portal, and security profiles. Expert in ordering, provisioning, and setting up devices using iOS/macOS tools, MDM platforms, Active Directory, Entra ID, and Proxmox VE / vSphere virtualization.

CORE COMPETENCIES

Field Service & Desktop Support

Walkup & Deskside End-User Support

Daimler Systems & IT Shop Portal

Mobile Device Support (iOS/macOS/Windows)

Identity & Access (AD, Entra ID, Okta)

Device Decommissioning & Retirement

Virtualization (Proxmox VE / vSphere)

ITSM Queue Management & SLAs

WORK EXPERIENCE

Daimler Truck LLC / Allied Digital May 2024 - Present

Mobile Device Support iOS

Portland, OR

- Provide customer-first walkup, deskside, and remote support for corporate users, resolving mobile device, OS, and software issues under strict SLA targets.
- Order, receive, and provision mobile device fleet inventory (iOS, macOS, and Windows) for corporate end-users, remote workers, and new hires.
- Setup and configure client endpoints using enterprise macOS/iOS tools, configuration profiles, and MDM platforms (Intune, MobileIron, Ivanti).
- Execute hardware decommissioning and device retirement processes, ensuring secure data wiping, asset de-registration, and resource reclamation.
- Utilize Daimler systems and the internal IT Shop portal to manage asset lifecycles, assign hardware, and resolve ticket escalations under strict SLAs.
- Develop and enhance user-facing setup guides in Confluence to streamline self-service deployments and remote enrollment.

JH Kelly, LLC April 2019 - February 2024

IT Support Specialist II

Vancouver, WA

- Managed high-volume walkup helpdesk operations, providing onsite desktop, laptop, and peripheral support via walk-ins and ServiceNow tickets.
- Managed the lifecycle of desktop and mobile assets, from initial hardware ordering, provisioning, and Ivanti imaging to secure device retirement.
- Administered Windows Server environments (Active Directory, DNS, DHCP, GPOs) and Entra ID (Azure AD); automated user provisioning routines with PowerShell.
- Installed and administered Meraki SD-WAN devices and resolved local networking issues (IP addressing, DNS, DHCP, VLANs).
- Setup, configured, and troubleshot Zoom/Teams conference rooms, A/V equipment, and Cisco VoIP infrastructure.

Clark College April 2017 - April 2019

Network / Microsoft Technology Lab Volunteer Technician

Vancouver, WA

- Troubleshot Cisco routing and switching hardware, Microsoft Active Directory forests, and Linux servers.

- Diagnosed, replaced, and maintained Cisco physical hardware (HWICs, SMART-Serial, interfaces).
- Performed rack and hardware maintenance including SAN hot-swapping and UPS battery replacement.

MoJoe Enterprises LLC / Rock That Media LLC

January 2016 - December 2017

Desktop Support / IT Administrator

Vancouver, WA

- Executed login scripts, managed client system rollouts, and configured Windows desktop environments.
- Investigated and diagnosed operating system and hardware performance issues.
- Administered local systems infrastructure and trained staff on network security awareness.
